

# Look Fryston

Edition 2 (December 2016)

## **Merry Christmas and a Happy New Year!**

The countdown to Christmas has now begun! Yay! It is a Merry Christmas from all of the newspaper team. We hope you enjoy this edition of Look Fryston! This term we will show you some of the christmasy things for this year as well as giving you a review of this year's Monk Fryston Bonfire! Merry Christmas and a Happy New Year!

## We Wish You a Merry Christmas and a Happy New Year!

Merry Christmas! This year we are taking Christmas to the

next level! With more decorations and chocolate.

Even more arts and crafts. Why don't you do some of them to decorate your house this year. There is how to make a hot chocolate as well as how to make paper snowflakes! That sounds spectacular! If you love Christmas you'll love what we have in store this year!

We have just had our famous yearly Year 1 and 2 assembly. As well as our Foundation Stage children's very first Nativity with a star appearance of Year 5! The children have worked extremely hard to make their performances amazing this school year so far. We can't wait to see the finished result of all of them!

In our classes we are starting to get the touch of Christmas already by putting the Christmas trees up!

### Save the dates!

- 27th of November start of advent!
- 15th of December Christmas parties!
- 16th of December start of the holidays!
- 24th of December Christmas Eve!
- 25th of December Christmas Day!
- 26th of December Boxing Day!
- 30th of December New Year's Eve!
- 1st of January New Year's Day

---

## How to make a Hot Chocolate

### What you need

- 3 teaspoon of hot chocolate
- Milk
- Squirty cream
- Mini marshmallows

### The technique

1. Pour some Hot Chocolate powder into a mug
2. Then fill the mug with milk to around a quarter full and mix.
3. Fill the rest of the mug with boiling water. Ask an adult for help.

### This next bit is optional but delicious.

1. Squirt lots of squirty cream on top of your hot chocolate.
2. Sprinkle marshmallows evenly on top of the squirty cream.

Make it

### **Paper Snowflakes**

Fold a square piece of paper along the diagonal then fold in half once and finally, fold in thirds. Cut the bottom flat and cut interesting shapes along the sides and top. Unfold and see your finished design.

### **Paper Chains**

Cut long strips of different coloured paper. You will need at least 10. Stick the ends of the first strip together with glue or sticky tape. Pass the next strip through the first loop and join the ends. Repeat until you have used all of your strips.

## Pudsey Bear Day/Children in need

Pudsey Bear Day is a very special day but it is not just to dress up spotty it is also to raise money for children that are in need. This year and other years BBC have put together a programme. This year it was called the Rickshaw challenge where people who had a difficulty had to ride a bike to different places in the UK it was on television which you could raise money for by phoning a number to give a donation of either 5 pounds or 10 pounds. The School Raised a total of £308.32. Well Done to anyone who donate, even if it was not in school. We have made a big difference for lots of children's lives this year throughout this project.

## The Big Project

This terms BIG project was a trip to their dream school of the future.

"In the future school will be a nice place with lots of children and no big arguments," says Freya Gatenby.

"School will be the same as now but a little bit better then now. Every day we go into a different class to learn but when you get to year 6 you start in reception. You just keep on going," Says Florence Mitchell

School will be fun in the future with lots of devices. You will have your own computer that will teach you instead of teachers," says Amelia Parkin

---

# Thank You

A big thanks to the following contributors:

*Megan Dunnill*

*Amelia Parkin*

*Freya Gatenby*

*Florence Mitchell*

*Zara Gardener*

*Jack Hex*

*Reanna Easter-Brown*

You have all worked hard this term

And a happy new year!

---

See You  
In

And
