

The Golden Book

Date: 23.6.17

Reception

Mollie Turner, Hattie Wells-Thompson & Leo Whiteoak

Mollie

Mya said "Mollie is my best friend. We do lots of writing together on the board and she is very good at it." Scarlet said "Mollie is kind to everyone in the class, she looks after other people when they are hurt." Tilly said "Mollie does really lovely writing and numbers, it is so neat."

Hattie

Robyn said "Hattie sits on my table at lunchtime and she shows good manners at the table all the time." Martha Duncan said "Hattie is always really very neat with her handwriting." Mrs Hind said "When we ring the tambourine at tidy up time, Hattie is always the first one to start and does such a great job! We are so lucky to have her in our class."

Leo

Eddie said "Leo is my best friend and we have been friends for a long time. He comes up with good ideas for games and is fun to play with." Reuben said "Every time Leo brings books into class, they are always interesting and he shares them with me." Ms Plunkett said "Leo is a super member of our class. He tries his best all the time and especially when we are learning. He is so full of interesting facts and information which helps everyone in the class to learn more. Leo is always happy to join in and he has such a wonderful smile."

Year 1

Freddie Lee

Freddie has been a superstar all year. He works so hard in every lesson, and always tries his best. This week he has started to write a fantastic story about a magic bed. I really liked how he used wow words to make it exciting. Well done Freddie, keep aiming high!

Ella Woodhouse

Ella is a delight! She is kind and thoughtful and always looks out for other people. She is also a super maths whizz. This week she has been working hard to learn about sharing and grouping, as part of our work on division. Ella has listened carefully and challenged herself in every lesson. I really like how she "has a go". but will also ask for help if she needs it. Well done Ella.

Year 2

Isobel Newman –

Izzy you are a super reader. The way you engage with books is so lovely to see, and I love how obviously you enjoy them. You can discuss them in detail, and answer any question I can think of! Keep aiming high with your reading!

Olivia Willetts –

Olivia has worked hard on her maths. She has persisted with methods she has found difficult, and hasn't let anything stand in her way. This determination has helped her develop a wide range of strategies to help her when she gets stuck, and she now approaches challenges with confidence and a smile. Great!

Year 3

Harry Wainwright, Ethan Maddock and Sofia Walls.

This week these children really impressed us during our science lesson on light and reflections.

Harry, you were very enthusiastic and answered many questions, you gave some super scientific explanations and really wowed us with your knowledge. The effort you put in shone throughout the lesson and this really helped you and others around you to make excellent progress. It is great to be giving you golden book this week Harry and celebrate your hard work.

Ethan, you were also enthusiastic and gave us all food for thought with your scientific questions and theories. You led group discussions well and it was clear you wanted to learn lots about how light travels and is reflected off different surfaces. You work hard always and it is a pleasure to give you golden book this week to celebrate your achievements.

Sofia, you too showed enthusiasm and a fantastic learning attitude. You were focussed during group discussions and had excellent scientific responses to questions. You chose to write more questions in your quiz than you were asked to and have made considerable progress which is so pleasing to see. You are a hard worker during all lessons and are extremely conscientious. We are delighted to be giving you golden book this week.

Year 4

Lily

Lily has produced some super work in maths this week: solving money related word problems. Lily impressed me with the way in which she persevered with her work. Well done, Lily and keep up the good work!

Ben

Ben has also been a maths superstar this week. He 'wowed' me with both the standard and presentation of his work. He has a wonderful attitude to learning and is an excellent role model. Well done, Ben!

Year 5

Hugh - I loved reading your story about 'The Worst Birthday'. The presentation of your work was excellent, showing your cursive handwriting skills. Your punctuation was also accurate, including the parts of your story that included dialogue. I found it an entertaining read so well done and thank you for completing that extra piece of writing at home.

Evie, Harry, Noah, Jocelyn, Martha - a HUGE congratulations for being 'Runners up' in the mixed-group category at the *Young Musician Competition* in Selby. You represented the school brilliantly and really helped to show-off the musical talent we have here at school. I know you have put hours of practise in at home so well done and thank you!

Year 6

EVERYONE!!!!

Another fantastic week, Year 6. You have shown us yet again what a super class you are. Your reasoning skills in maths were really impressive - you approached the problems in an organised manner and were able to explain your methods clearly. You have also produced some amazing comic strips using Google Drawings to show your understanding of micro-organisms and how they can be harmful and helpful. The Whitby leaflets look amazing too: you have used your personal targets in this piece of writing to ensure you are your very best before you leave us for high school. All this **and** rehearsing for our KS2 show! How have you managed to fit it all in? Keep up this fantastic outlook, Year 6. We love it!
