

The Golden Book

Date: 3rd November 2017

Year 1

Tilly Wells Thompson

Tilly has had a fantastic start to the new half term. She always works really hard and tries her best, but this week she has really pushed herself in all lessons. Mrs Walsh has been so impressed with her work in phonics and writing. Well done Tilly, keep up the good work!

Harry Reeves

Harry is a superstar! Every day he bounces into school with a huge smile, and he always tries his best. This week he has written some amazing sentences about The Three Little Pigs. He not only uses a capital letter and full stop in every sentence, he also tries to challenge himself to write as much as possible, and to use wow words to make it interesting. Keep being you Harry!

Year 2

Max Ackroyd

Max you used super reasoning skills in maths this week when estimating the length of objects in the classroom. You are always ready to listen and learn and this has also impressed me. Keep up the fantastic work, Max!

Jessica Sugden

Jessica you are such a fabulous role model in class. You always listen carefully and put 100% effort into all of your classwork. You are a pleasure to have in Year 2! Keep looking up and aiming high, Jessica!

Year 3

Olivia Willets and Noah Morris

You worked brilliantly together in Rugby this week and gave an excellent demonstration of your skills to the whole class! Everyone was so impressed by your team working spirit and excellent listening to instructions. Our Rugby coach also gave you both a special mention due to your enthusiastic and focused approach. You were both wonderful role models! Keep up this wonderful attitude!

Charlie O'Connor

Charlie, your enthusiasm for learning makes us all smile every day! You light up our classroom with your ideas and contributions. We love the way that you challenge yourself in your maths learning – persevering with problem solving tasks to see them through to the end. Also, this week in art, your clay pot was just immaculate as you followed all instructions superbly! Keep aiming high!

Year 4

The whole class!

We have been thoroughly impressed and inspired by your creativity and hard work this week as you shared your amazing Wow Work projects with us. Each project different, each one unique and all of them incredible. You explained and presented your work clearly and showed interest in others' ideas and projects. It was a truly fun day and will certainly be a day to remember in Year 4. Thank you for all your hard work.

Year 5

Ben Morley

Ben - you are really engaged with class discussion. I like that not only to you have a go at answering questions, but you also ask some really interesting questions too. This shows how engaged you are with your learning so well done!

William Lonsdale

William - you are being super-focused in class at the moment, always showing when you're ready to learn. You are a great role model in terms of behaviour for learning so thank you William.

Year 6

Everyone!!

This week, everyone in Year 6 has impressed us with their amazing WOW work. We have learnt about a wide range of victorian inventions; from canals to toilets, cameras to sweeties, toys to steel, steam engines to airships. The list goes on and on! The quality of work has been OUTSTANDING. It is obvious that a huge amount of effort has gone into this work and we have all learnt a great deal more about why the victorian era was so important to Great Britain. Thank you, Year 6 - we've loved hearing your presentations and seeing all the incredible things you've made.

Golden Table

The children named below have been nominated by the Midday Supervisors for their outstanding behaviour at lunchtimes this week. Well done to all of you!

3rd November 2017
