

The Golden Book

Date: 9th March 2018

Reception

Eira Booth

Eira is enjoying our literacy topic 'Going on a Bear Hunt'. She can retell the story using the class story map. She decided to draw her own map and changed the story to a unicorn hunt. Mrs Woodfine said 'Eira worked really hard on her map and had some really good ideas'. Well done, Eira! Keep up the good work!

Sam Hale

Sam is very interested in our Nature topic and has brought an information book from home to share with the class. It has some great ideas of things to do which Sam is keen to try out. Sam has been explaining to the others how to do some of the things in his book. Mrs Hind says 'It is lovely to hear Sam talking clearly and confidently about his ideas'.

Year 1

Evie Kershaw, Amelia Herrington and Tilly Wells-Thompson

Well done girls, you are superstars! You are always so helpful in class, and are the first to help tidy up at the end of a lesson. You don't mind getting messy tidying up the welly shed or cleaning up the glue. What would we do without you? Keep being amazing!

Reuben Shacklady

What a great week Reuben! You have worked hard all week in *all* your lessons. I have been so impressed with your writing, and your great word choices, and how you remembered to use capital letters and full stops in every sentence. Well done Reuben, keep it up!

Year 2

Emily Greveson

You have contributed really well to class discussion this week. Being prepared to answer a question (even when not 100% sure you have the correct answer) is really important. It shows great resilience and determination. Keep up the good work, Emily!

Faith Dodsworth

You have shown an increased maturity towards your learning this week. You have listened carefully, followed instructions and focused on the tasks you have been set. This is so important and it is really pleasing to see. Keep up the good work, Faith!

Year 3

Willow Backhouse and Rowan Dawson

Willow, your effort and concentration in our geography based topic work, learning about contour lines, has been fantastic! You worked with super focus to produce your own contours model. Also, you have wowed us with your contributions in our guided reading of non-fiction texts where you have referred back to different sections of the text to evidence your answers. This is brilliant Willow - well done!

Rowan, you have impressed this week with your use of new topic related vocabulary such as 'legend' and being able to use the vocabulary in your articulate explanations to questions. You are super enthusiastic about your learning in our Mountains, Earthquakes and Volcanoes topic where you are applying great focus to further develop your understanding of maps and atlases. This is fantastic Rowan - keep aiming high!

Year 4

Maddie Westwick

You have really impressed us with your focused attitude in all areas of the curriculum. You always have a happy outlook in all you do and this shines through each day. In Topic lessons this week, you have shown a keen interest in the Romans and have produced some excellent work on the Roman Empire. Keep up the fantastic work!

Jack Hex

You are also one of life's optimists - always a smile on your face, always ready to tackle a challenge step by step. This week you have shown great attention to detail when we did our design work for the Roman mosaics. You are very creative and know how to coordinate patterns and colours perfectly!

Year 5

Year 5 - you are all in Golden Book this week for behaving so wonderfully on our trip to York Minster. We were particularly impressed as well with how you all engaged in the talks and asked and answered questions throughout the day. Well done for representing our school so well!

Georgia Raine - we are really impressed with your focus and positive attitude to your learning. You are engaged in lessons and working super-duper hard so well done and keep aiming high!

Year 6

Everyone!!

Yet again, we are pleased and proud to put everyone in Year 6 in the Golden Book. The class behaved exceptionally well on our trip to York Minster this week. They listened intently to our tour guide, worked enthusiastically on all the activities in the learning centre and posed some extremely good questions throughout the day. We were proud to be out and about with our children - what super ambassadors for our school.
