

The Golden Book

Date: 25th January 2019

Reception

Ethan Fox

Ethan is kind friend to everyone! He works so hard at everything he does and enjoys doing our class 'have to' jobs. Ethan has particularly worked hard on his maths this week using the Numicon to find different ways to make the same number. Ethan always comes into school with a huge smile on his face and the biggest hugs. He is a pleasure to have in our class!

Adelina Payne

Adelina is enjoying every aspect of the school day at the moment! She is trying so hard with the trickiest jobs in our class such as reading, maths and writing. Her smile when she finds the answer to something she has found difficult could light up the whole school. We love her attitude to learning and we love having her in our class. Keep it up Adelina!

Year 1

Talullah Mawson

Wow Talullah you are having such an amazing week! You have impressed Mrs Cole in phonics, and you have worked hard to learn how to subtract using a numberline in maths. We have been especially impressed by your determination and perseverance. Well done, keep aiming high!

David Molife

We done David for such a great start to the Spring term. Over the last few weeks you have shown us some great phonic skills, and a determination to improve your reading and writing skills. We love working with you, and helping you to develop your ideas and knowledge. Keep up the good work.

Jessica Squires

Jessica, you have the most amazing smile and fantastic sense of humour. You brighten every day and always manage to make us laugh. We know you will impress everyone at your new school, and we hope you have a wonderful time and make lots of friends. Keep in touch- we will miss you!

Year 2

Tilly Wells-Thompson

Tilly has been working hard! She has been using a number line to multiply in maths, and set her work out really neatly. It was tricky but she didn't give up! I hope she keeps this up. Tilly's superpower is being neat and careful!

George Backhouse

George is trying hard to make good choices! He loves his new place in our classroom, and it helps him to focus. George's superpower is paying attention! George is concentrating really well and this is showing in his super work. Please keep this up George!

Year 3

Year 3

Year 3- we are exceptionally proud of each and everyone of you! During our visit to Jorvik Viking Centre and The Dig, you represented Monk Fryston Primary School with the highest level of behaviour. It was wonderful to see you all forming memorable experiences. You asked effective questions to deepen your understanding, absorbed all the interesting yet gruesome facts, and made sure to show off all that you have learnt about the Vikings in school! Well done, year 3.

Year 4

Rowan Dawson

Rowan you have wowed us this week with your maths focus! You've tackled some tricky reasoning and problem solving questions on shape and have shown great enthusiasm during our co-ordinates work. Keep up the great work!

Amelie Woodhead-Apperley

What a fantastic effort with your handwriting this week! You've tried really hard and it hasn't gone unnoticed. It's great to see that you want to ensure your work is always well-presented. A great example of this is the Top Trumps card you completed for Archie B. It was super! Well done!

Year 5

Year 5

We are so very proud of you all. What an amazing couple of weeks we have had. Young Voices last week was the experience of a lifetime. Thank you all for embracing it fully: the hours of practise; perfecting every note and dance move, behaving exceptionally on the day and really putting your all into getting the most from the evening. We can't tell you in words how proud we are of each and every one of you. This week: our first visit to Sherburn High School. You were a pleasure while you represented our school with excellent behaviour and fabulous skill in the activities we participated in. A wonderful start to this term!

Year 6

Ella Slokan

What a week you've had! Your focus and determination to succeed have shone through. In Maths, you have worked incredibly hard, ploughing through the work set and sharing your methods with the class. It is lovely to see your confidence grow. Your Mary Anning biography is also developing well. You are making super use of the success criteria and producing a great piece of work. Well done.

Joe Whiteoak

What a joy you are to have in the class. You make the right choices all the time and are a hardworking, positive member of the team. We can always rely on you to give 100%, not only to your work, but also to your friends. You are a super working partner and great fun to be around. With your attitude to learning (and life), we know you are going to be a huge success in Year 6. Just keep on being you, Joe!
