

The Golden Book

Date: 15th March 2019

Reception

Olivia Thompson & Freddie Johnston

Olivia

Olivia has been a superstar this week! She has worked especially hard with her phonics and has really impressed Mrs Woodfine with her beautiful handwriting. Her number work has stood out this week too, showing good knowledge of 2d and 3d shapes. We love having Olivia in our class, well done and keep it up!!

Freddie

There is always so much we can say about Freddie as he is also an absolute superstar. He always tries his best at everything. This can be in phonics, numberwork or choosing time to helping his friends or the teachers when they need it. We are so lucky he is a member of our class and is such a good friend to everyone.

Year 1

Gregory Mansbridge

What a fantastic term you are having Gregory. You are always full of enthusiasm and ready to learn. You love finding out facts and new information, and you have been a brilliant source of knowledge in our dinosaur topic. We have been particularly impressed with your efforts to improve your writing this week. You have really worked hard to write neatly and to use the correct vocabulary, and it is making such a difference. Keep up this fantastic effort.

Tilly Boulter

Tilly, you are such a superstar! You are kind, helpful, thoughtful and a good friend. What fantastic qualities to have. What makes you even more special is that you also work hard in your lessons, and always try your best. We love how you listen to advice, improve your work, and then help others do the same. Well done Tilly, keep being you!

Year 2

Oliver Pilkington

Oliver is trying hard and making good choices in school. He knows that learning is important and does his best to listen. He has been working particularly hard on being kind to others, and we see lots of this in school! Oliver's superpower is trying hard.

Hattie Wells-Thompson

Hattie is so determined! She has a go at any challenge put in front of her, and never lets anything get in her way. She perseveres even when things get tricky, and I am so proud of the way she keeps a smile on her face. Hattie has the superpower of determination!

Year 3

Max Ackroyd

Max, you're in Golden Book this week because you are a wonderful member of our class. You're always on task and are committed to trying your hardest. This week, in particular, we would like to celebrate your maths work on fractions! You've been answering challenging questions, finding fractions of amounts and moving your own learning forward. Not only this, we are even more impressed that you have begun explaining how you are arriving at your answers. Well done Max. Keep explaining!

Phoebe Lythe

Phoebe, you are a pleasure to have in our class. We've been really impressed with your recent involvement in our new topic 'Extreme Earth'. You're always willing to contribute in whole class discussions and ask relevant questions to move your learning forward. In English lessons, you are already showing a good understanding of the features of a non chronological report and suggesting language features that will hook our reader. We can't wait for you to get started on your report on mountains! Keep looking up and Aiming High!

Year 4

Lewis Brown

What a super week you've had, Lewis! You have tried really hard in all areas of learning and this is brilliant to see. In maths, your work on perimeter and area was careful and accurate. You also wrote a super opener for our descriptive writing on 'The Chocolate Room'. It's great to see such focus and determination. Keep up the great work!

Max Davies

Max you have given everything 100% this week. You have taken part in class discussions and taken every task set within your stride. It is also fantastic to see you listening carefully to feedback during English and using it to improve your work. This attitude will take your learning from strength to strength.

Olivia Davies

We are so lucky to have you in Year 4, Olivia. You set such a fantastic example to others in so many different ways. Every morning you come into the classroom smiling, ready for the day ahead. You always listen carefully and get straight on with the tasks set. Even better, you are not afraid to challenge yourself and tackle the tricky stuff. This is brilliant and you should be incredibly proud. Well done!

Year 5

Ella and Layla

We have chosen you 2 girls this week as you have both worked hard during our work on fractions. You both gave this all of your attention and were determined to understand fractions, which can be tricky! Your hard work definitely paid off and you were able to work through all of the fractions problems, even finding equivalent fractions!

Ella, you are really stepping up in class and pushing yourself. We hope to see this continue as we know how hard working you can be when you are determined. Well done Ella, keep it up.

Layla, you are such an incredible artist too. Your drawings are incredible and you have such a clear passion for it. We love how you have been an inspiration to your classmates and have been teaching others drawing skills. We all look forward to seeing your work in a gallery or as illustrations in books when you are older.

Year 6

Jess Turner, Lennon Hall and Ella Slokan

Jess - you have shone this week. You have been determined to show us your best and we have loved it! Your focus has been outstanding and the work you have produced shows this. You have worked hard in your maths sessions and made great progress. During our science challenge, you were a thoughtful and hardworking team member, contributing good ideas towards the building of your structure. Keep this up, Jess - it's fab!

Lennon - what amazing contributions you made to our french lesson this week. You translated a full page of our story about The Emperor's New Clothes - absolutely word perfectly!! Your word recognition and knowledge of plurals was awesome. Très bien!!

Ella - you too are working flat out in all your work and reaping the rewards. You are super-focused, always on task and making fabulous progress. Your use of mathematical language has really developed and your reasoning skills are superb. We love seeing how your confidence is soaring. Well done - keep it up, Ella.

Golden Table

The children named below have been nominated by the Midday Supervisors for their outstanding behaviour at lunchtimes this week. Well done to all of you!
