

# The Golden Book

**Date: 14th June 2019**

## Reception

### Cara Woolley

Cara is a terrific member of our class and such a wonderful role model. She always shows great team spirit when working with her carpet team and has been a really great friend to the pre-school children who visit. Cara also loves working on number sentences as well as her super story writing. Great job Cara!

### Harry Callum

Harry has been a very kind friend to all our pre-school visitors and he is always helpful. Yesterday Harry found some dinosaurs in the classroom as he heard one of our visitors saying he loves playing with them! Harry is having a great time in phonics and number work too. He is doing a great job of sounding out in phonics and remembering to count all the way down to zero. Keep it up Harry.

### Olivia Lawrence

We love having Olivia in our class! She is kind, always helpful and a really good friend to everyone. Olivia writes terrific stories and always adds pictures to them. She recently wrote a really helpful letter to Jack. Olivia impressed everyone as she was working on taking away 3 numbers yesterday! She's also a real superstar at model making too. Well done Olivia.

## Year 1

### William Jackson

William we have been so impressed with your fantastic attitude to school *all year*. You are so enthusiastic about all your learning, but you really love to read. We know that you work hard at home reading lots of different books, every week, and we can see the result in the great progress that you have made. Keep up the good work.

### Diana Davy

We are so lucky to have you in year one, Diana. You are such a fantastic person to know, and an amazing role model to others. You are kind, thoughtful and you look after your friends in class, and at playtimes. We really love working with you, and we know everyone in year one feels the same. Keep being you.

### George Davies

Well done George for another fantastic term. We love how you do your best in every lesson, and how you are always trying to improve your work. You continue to work really hard on your handwriting, and it is really paying off. Keep aiming high and you will impress everyone next year with your dedication.

## Year 2

### **Robyn Beaumont**

Robyn is a super reader. She reads on a morning, on an evening, at the weekend, and even does extra in the school holidays! All this effort has meant that Robyn has made amazing progress with her reading. Robyn has the superpower of being a great reader!

### **Freddie Cartwright**

Freddie has so much more confidence than at the start of this year! We are all proud to see him smiling and laughing so much. Freddie has a lot to contribute – we are glad to have him in our class! Freddie has the superpower of confidence!

## Year 3

### **Seth Pickard**

Seth we are so pleased that you have come to join our class. You have settled in so well! We think you are kind and polite which are wonderful traits to have. We hope that you have enjoyed your first couple of days with us. We can't wait to get to know you more over the next few weeks.

### **Poppy Wood**

Poppy you have been a super scientist this week. Your participation in our rock journey practical work was fantastic! You had a wonderful journey around the world as a rock and you recorded it brilliantly. We could see that you were in the process of becoming an igneous rock at the end of your adventure. You also continue to wow us in our story writing with your atmospheric vocabulary choices. What a star - keep aiming high Poppy!

### **Romy Wood**

Romy we are so impressed with your observational drawings of igneous, sedimentary and metamorphic rocks in science. You have given great attention to detail in all your sketches and you labelled your rock cycle diagram using some tricky scientific language. Your presentation was excellent! You worked in a very organised manner in carrying out your investigation too. What a fabulous approach to your scientific learning!

## Year 4

### **Ollie Lodge**

Ollie you are such a polite, kind and caring individual. It is an absolute pleasure to have you in Year 4. In class, you take everything in your stride. This attitude has led to some brilliant work recently. Your story based on the book Float was simply super and an absolute pleasure to read. Also, your work on Roman numerals was phenomenal! Mrs Maddock couldn't keep up with you! Simply fabulous!

### **Florence Mitchell**

Every class should have a Florence Mitchell! You come into class every morning with a huge smile, ready to take on anything. Your sense of fun is infectious and you are not afraid to simply give something a go. Every week, you offer to help me get the PE equipment from the cupboard and to put it back. This week, you gave up your afternoon break to help me find the materials we needed for our Roman shield making lesson. Such a kind gesture and very much appreciated. What a superstar!

## Year 5

### Lawrence Candler and Charlie Dawson

You both really impressed me with how hard you worked during our maths lesson yesterday. You supported one another to work through the 'trail' set up in our classroom and solved all of the missing numbers together. You even managed to get onto the challenge question and successfully completed that too! You both have just the right attitude towards teamwork and problem solving - lots of perseverance, stamina and support! Fabulous work.

## Year 6

### **EVERYONE!!**

We would like to put all the Year 6s in the Golden Book this week for the AMAZING job they did running the activities at last week's sports day. Year 6, we are so proud of how you managed your teams and supported everyone throughout the day. We received SO many comments from staff, children and parents about how much you enhanced the day, helping to make it the superb success it was. We know we can always rely on you - thank you all.
